

Medigap Compare Database Download

In the Medigap Compare database, six (6) tables are used:

dbo_vwOrgsByState

1. StateName
2. Org_ID
3. Name
4. Phone
5. Ext

dbo_vwPlansByState

1. StateName
2. Name
3. Addr
4. City
5. Abbrev
6. Zip
7. WebAddr
8. Textcond
9. SP_TextCond
10. Description
11. Over65
12. Under65
13. Na_available
14. Community
15. Issue
16. Attained
17. Na_Rating
18. Last_mod

dbo_vwPlansByZipNew

1. Zip_Code
2. County_Name
3. State_Name
4. Name
5. Addrs1
6. City
7. Abbrev
8. Zip
9. WebAddr
10. TextCond
11. Sp_textcond
12. Description
13. Over65

14. Under65
15. Na_available
16. Community
17. Issue
18. Attained
19. Na_rating
20. Last_mod

dbo_vwApp_MPPF_Medigap_Simple_PlanType_Name

1. Simple_plantype
2. Simple_plantype_name
3. Contract_year
4. Language_id

dbo_vwApp_MPPF_medigap_premiums

1. State_abbrev
2. Plan_type
3. Age_category
4. Premium_range
5. Contract_year
6. Seg_id
7. Language_id

dbo_vwApp_MPPF_medigap_plantype_xwalk

1. Simple_playtype
2. Plan_type
3. State_abbrev
4. Contract_year

The first table, dbo_vwOrgsByState, has five (5) fields.

This table provides the data produced in response to a Medigap Compare search by state. This table is a stand-alone table and is not linked to the other tables in this database. The table is designed to be searched individually.

1. StateName: memo (-) Lists the name used to identify individual sections of each state. All fifty (50) states are listed, as well as Washington D.C., Guam, Puerto Rico and the Virgin Islands. Also the following states are listed as split states:
 - California – Northern & Central
 - California – Southern
 - Florida – Northern
 - Florida – Southern
 - New York – New York City Vicinity
 - New York – Upstate
 - Ohio – Eastern

- Ohio – Western & Southern
 - Texas – Eastern & Southern
 - Texas – Northern & Western
2. Org_ID: long integer (4) - Lists the identification number assigned to the insurance companies noted in the Name field.
 3. Name: memo (-) - Lists the name of the insurance companies referred to by the organization identification number.
 4. Phone: memo (-) - Lists the ten (10) digit numeric phone number for the insurance company.
 5. Ext: memo (-) - Lists any extensions needed when contacting the insurance company.

The second table, dbo_vwPlansByState, has eighteen (18) fields.

This table lists all the policies that are offered state wide. This table is a stand-alone table and is not linked to the other tables in this database. The table is designed to be searched individually.

1. StateName: memo (-) Lists the name used to identify individual sections of each state. All fifty (50) states are listed, as well as Washington D.C., Guam, Puerto Rico and the Virgin Islands. Also the following states are listed as split states:
 - California – Northern & Central
 - California – Southern
 - Florida – Northern
 - Florida – Southern
 - New York – New York City Vicinity
 - New York – Upstate
 - Ohio – Eastern
 - Ohio – Western & Southern
 - Texas – Eastern & Southern
 - Texas – Northern & Western
 - Texas – Northern & Western
2. Name: memo (-) - Lists the name of the insurance companies referred to by the organization identification number.
3. Addr: memo (-) - Lists the street address that corresponds to the insurance company.
4. City: memo (-) - Lists the city that corresponds to the insurance company.
5. Abbrev: memo (-) - Lists the two (2) letter code for the state in which the insurance company is located.
6. Zip: memo (-) - Lists the five (5) digit postal code that corresponds to the insurance company.
7. WebAddr: memo (-) - Lists the internet URL address that corresponds to the insurance company.
8. TextCond: memo (-) - Lists any important notes or conditions for the specific plan.
9. Sp_TextCond: memo (-) Lists any Spanish important notes or conditions for the specific plan.
10. Description: memo (-) - Lists the type of Medigap category the plans falls into, either A through G.
11. Over65: Integer (2) - Lists whether or not the plan is available to persons over the age of 65.
12. Under65: Integer (2) - Lists whether or not the plan is available to persons under the age of 65.
13. Na_availabe: Integer (2) - Lists whether or not the plan is available to persons with disabilities, under the age of 65.
14. Community: Integer (2) - Lists whether or not the plan received a No Age Community rating.
15. Issue: Integer (2) - Lists whether or not the plan received an Issue Age rating.
16. Attained: Integer (2) - Lists whether or not the plan received an Attained Age rating.
17. Na_rating: Integer (2) - Lists whether or not pricing method information is available for the plan.
18. Last_Mod: memo (-) - Lists the date and time the plan information was last modified.

The third table, dbo_vwPlansByZipNew, has twenty (20) fields.

This table lists all the policies that are offered only in a specific county. This table is a standalone table and is not linked to the other tables in this database. The table is designed to be searched individually.

1. Zip_Code: text (5) - Lists the five (5) digit postal code in which a Medigap plan is available.
2. County_Name: memo (-) - Lists the county name
3. State_Name: memo (-) - Lists the name used to identify individual sections of each state. All fifty (50) states are listed, as well as Washington D.C., Guam, Puerto Rico and the Virgin Islands.
Also the following states are listed as split states:
 - California – Northern & Central
 - California – Southern
 - Florida – Northern
 - Florida – Southern
 - New York – New York City Vicinity
 - New York – Upstate
 - Ohio – Eastern
 - Ohio – Western & Southern
 - Texas – Eastern & Southern
 - Texas – Northern & Western
4. Name: memo (-) - Lists the name of the insurance companies referred to by the organization identification number.
5. Addr1: memo (-) - Lists the street address that corresponds to the insurance company.
6. City: memo (-) - Lists the city that corresponds to the insurance company.
7. Abbrev: memo (-) - Lists the two (2) letter code for the state in which the insurance company is located.
8. Zip: memo (-) - Lists the five (5) digit postal code that corresponds to the insurance company.
9. WebAddr: memo (-) - Lists the internet URL address that corresponds to the insurance company.
10. TextCond: memo (-) - Lists any important notes or conditions for the specific plan.
11. SP_TextCond: memo (-) Lists any Spanish important notes or conditions for the specific plan.
12. Description: memo (-) - Lists the type of Medigap category the plans falls into, either A through G.
13. Over65: integer (2) - Lists whether or not the plan is available to persons over the age of 65.
14. Under65: Integer (2) yes/no - Lists whether or not the plan is available to persons under the age of 65.
15. Na_available: Integer (2) - Lists whether or not the plan is available to persons with disabilities, under the age of 65.
16. Community: integer (2) - Lists whether or not the plan received a No Age Community rating.
17. Issue: integer (2) - Lists whether or not the plan received an Issue Age rating.
18. Attained: integer (2) - Lists whether or not the plan received an Attained Age rating.
19. Na_rating: integer (2) - Lists whether or not pricing method information is available for the plan.
20. Last_Mod: memo (-) - Lists the date and time the plan information was last modified.

The fourth table, vwApp_MPPF_Medigap_simple_Plantype_name, has four (4) fields.

This table provides the policy name for each type of policy in different languages.

1. Simple_plantype: memo (-) - Lists the policy type.
2. Simple_plantype_name: memo (-) - Lists the name of the policy type.
3. Contract_year: memo (-) - Lists the contract year that the policy is available in.
4. Language_id: long integer (4) - Lists the id of the language based on the following:
 - a. 1 – English
 - b. 2 – Spanish

The fifth table, dbo_vwApp_MPPF_Medigap_premiums, has seven (7) fields.

This table provides the premium range for each plan.

1. State_abbrev: memo (-) - State abbreviation
2. Plan_type: long integer (4) - ID identifying the medigap plan.
3. Age_category: long integer (4) - Lists the age category that the medigap plan applies to
4. based on the following:
 - a. 1 = Under 65
 - b. 2 = 65-69
 - c. 3 = 70-74
 - d. 4 = 75-79
 - e. 5 = 80-84
 - f. 6 = 85 or older
5. Premium_range: memo (-) - Premium range for this medigap plan.
6. Contract_year: memo (-) - Lists the contract year that the policy is available in.
7. Seq_id: long integer (4) - Identifier for premium.
8. Language_id: long integer (4) - Lists the id of the language based on the following:
 - g. 1 = English
 - h. 2 = Spanish

The sixth table, dbo_vwApp_MPPF_Medigap_plantype_xwalk, has four (4) fields.

This table provides the premium range for each plan.

1. Simple_plantype: memo (-) Lists the policy type.
2. Plan_type: long integer (4) - ID identifying the medigap plan.
3. State_abbrev: memo (-) State abbreviation
4. Contract_year: memo (-) - Lists the contract year that the policy is available in.
